Our global
footprint

Private client services

The breadth of services we offer to our clients is limited only by the extent of their requirements. Our firm is built on the premise that we are able to offer solutions and as an owner-managed business we encourage this entrepreneurial spirit.

Corporate and Manco Services

Our reputation in services to corporate clients extends back over 40 years to 1976 when the firm was founded in Luxembourg to provide innovative solutions to complex cross-border challenges faced by major corporations. Our legal experts have advised on some of the world's leading corporate activity.

Fund services

We are privately owned and fully independent, administering funds for multiple investment managers and sponsors, with over \$160 billion in assets under administration. We have offered independent third-party fund administration since 1990 and our global client base comprises traditional, alternative, and mutual funds.
